English Cottage Tulips
(May Flowering Tulips)
Lovely and graceful. A specially made mixture. Included are beautiful pink and white sorts as well as these brilliant yellows and reds. Top size bulbs.

Postpaid—
175 bulbs for $5.00
100 bulbs for $3.00
50 bulbs for $1.75
For named varieties see page 10.

Bulbs of Quality
FROM GROWER TO YOU
Fall 1934
CONLEY'S BLOSSOM FARM
1759 FRANKLIN BOULEVARD
EUGENE, OREGON
Greetings from the Blossom Farm

We want to thank our friends and customers of the past years for their splendid patronage and help. We take pride in producing the finest bulbs possible and keeping our stock pure and disease free, and try to get the bulbs to you in the best possible condition. We urge you to order early, plant early and prepare for the finest garden ever this coming season.

The pictures show our two little girls in one of our fields of Sir Watkin daffodils. Children love to gather flowers. They love to plant a garden of their own too, and what fine training it is for them! If every home had a garden and its members loved to grow and work with plants how much more contented and happy our country would be. Let us all strive to encourage our friends to plant gardens and beautify their homes.

We grow all the bulbs listed in this catalog with a very few exceptions. They are sent to you direct from our farm. They are cured properly, carefully handled and packed so that they will reach you in the best possible condition.

Pat and Lola Barr Conley.

In one of our fields of Sir Watkin daffodils

NARCISSI-DAFFODILS

In our large plantings of daffodils we have a number of varieties that lend themselves especially well to naturalizing. These are the kinds that increase rapidly and do not cost so much to grow. In order to encourage the use of these varieties in sufficient quantities to really make a display we are offering them at extremely low prices. The bulbs we offer are not our largest double nosed bulbs that we regularly supply but a small bulb that will give one good bloom the first year and with reasonable care will increase in size and number of blooms from year to year.

The varieties offered are Princeps, Barrii Conspicuus, Poeticus Ornatus, Poeticus Recurvus (Pheasant’s Eye), Leedsii, Mrs. Langtry, White Lady, and Poetaz Elvira, or all of these varieties mixed.

The price is 1000 for $15.00, 500 for $7.50, 250 for $4.00. Prices F.O.B. Eugene, Oregon, shipped express collect. $2.00 per 100, postpaid. No order accepted for less than 100 bulbs of one variety.

Here is the report of one customer who got an assortment of these bulbs last fall: “I want to tell you how fine the narcissus bulbs have done that I bought from you last year at $15.00 per 1000. We planted them on our farm beneath some trees and the display this spring has been wonderful. I think every bulb bloomed and such fine large blossoms and tall stems. They are certainly a splendid bargain.”

Assorted Narcissi-Daffodils

(A few of the varieties are shown in color on the back cover.)

Our mixed narcissi-daffodils contain all the main types in a surprisingly good mixture. Many of our best varieties appear because occasionally things do get mixed in handling and they go into this mixture. This year there will be King Alfred, Tresserve, Golden Spur, Victoria, Spring Glory, Sir Watkin, Elvira, among many others including Poet’s narcissi and many of the medium cup sorts.

Large double nose bulbs, 25 for $1.00, 100 for $3.75, postpaid; 1000 for $27.50, F. O. B. Eugene.

Large round bulbs, 50 for $1.75, 100 for $3.00, postpaid; 1000 for $22.50, F. O. B. Eugene.
LARGE TRUMPET DAFFODILS

Division 1. The trumpet or crown as long as or longer than the perianth segments (petals).

CLASS A—ALL YELLOW

Aerolite. Large beautifully proportioned flower. Early. One of the longest lasting daffodils. Medium yellow trumpet with primrose perianth made up of broad flat petals. Each $0.50.

Cleopatra. Latest yellow daffodil. Long light yellow trumpet and lemon-yellow overlapping petals. 12 for $1.50.

Duclianel. Beautifully balanced flower of giant size. Brilliant clear self yellow. The widely flaring trumpet is deeply frilled. Each $0.60.

Emperor. Perianth primrose, trumpet yellow. Medium sized flower on a good stem. Fine for naturalizing. 12 for $0.75, 100 for $5.00.

Golden Spur. Uniform rich golden yellow. The earliest daffodil for outdoors or for forcing. Double nosed bulbs, 12 for $0.75, 100 for $5.00. Large round bulbs, 12 for $0.60, 100 for $4.00.

King Alfred. The “Gold Standard” of daffodils. Large golden yellow flower of great substance on a tall strong stem. Very long lasting in the garden or when cut. Vigorous substantial growth. Indispensable for any garden. First size round bulbs, 12 for $1.00, 100 for $7.50. Double-nosed bulbs, 12 for $1.20, 100 for $8.50. Mammoth double-nosed bulbs, 12 for $1.50, 100 for $10.00.

Olympia. Very large flower with a most beautifully frilled trumpet of clear yellow. The gracefully twisted perianth is primrose. A vastly improved Emperor. 12 for $1.50, 100 for $9.00.

Tresseur. One of the most popular of the giant trumpet daffodils. Deep canary yellow trumpet with lighter perianth. The widely expanded trumpet mouth is deeply lacinated. 12 for $1.20, 100 for $8.00.

Warwick. One of the finest King Alfred seedlings of a deeper golden yellow color. Very early. Splendid substance. 50c each.

CLASS B—ALL WHITE DAFFODILS

Madame de Graaff. This lovely graceful daffodil was the first of a new class and the most famous of the white trumpets. A rather low growing free flowering plant. The trumpet opens pale primrose changing to white. 12 for $1.00, 100 for $7.50.

CLASS C—BI-COLOR DAFFODILS

Beppy. This daffodil has a huge widely flaring trumpet of deep yellow. The pure white perianth reaches forward around the trumpet, making a very striking appearance. Each 20c, 12 for $2.00.

Glory of Sassenheim. Broad creamy white perianth and bright canary-yellow trumpet. Very free flowering. 12 for $1.00, 100 for $7.50.

Princeps. Deep yellow trumpet with pale twisting perianth. An old, but graceful variety that is one of the most dependable for naturalizing. 12 for 50c, 100 for $3.50.

Spring Glory. Large golden yellow trumpet backed by long pure white petals. A good clear flower on an excellent stem. Free flowering. 12 for $1.00, 100 for $7.50.

Van Waveren’s Giant. One of the largest of all the trumpet daffodils. Creamy perianth, large bright yellow trumpet. 12 for $1.75.

Victoria. Bold erect flower, creamy white perianth with broad yellow trumpet. Fine forcer and excellent for naturalizing. 12 for $0.75, 100 for $5.00.

The prices are quoted for large double-nosed bulbs. We can supply large round bulbs for 20% less.
**Incomparabilis Narcissus**

Division 2. The cup or crown measuring from one-third to nearly equal the length of the perianth segments. The perianths are white or yellow and the cups yellow, yellow shaded with red or all red.

**Bernardino.** Broad creamy perianth with fluted cup of soft yellow edged apricot. One of the most beautiful of the medium priced narcissi. Free flowering and a good grower. 12 for $1.50, 100 for $10.00.

**Croesus.** Creamy yellow overlapping perianth. Widely expanded cup of clear orange. Excellent form and substance. Each 25c.

**Homespun.** Flat star-shaped perianth and fluted cup of primrose yellow. Flowers held well above foliage. 12 for $1.00, 100 for $7.50.

**Lucifer.** Graceful perianth of long white petals. Yellow orange cup shading to orange-red. A fine flower for out-of-doors as it holds its color remarkably well. One of the earliest of the bright cups. 12 for 75c, 100 for $5.00.

**Mi-Careme.** Very tall and outstanding new variety. Perianth citron yellow with deep yellow cup shaded with orange. Comes early and lasts very long. 50c.

**Sir Watkin.** One of the indispensables. A very free flowering variety with splendid foliage and large flowers on good stems. The flowers have a primrose perianth and deep yellow cup. Excellent for naturalizing and for cutting. 12 for 80c, 100 for $6.00.

**Whitewell.** Fine large flower of splendid substance. Broad white perianth, cup deep primrose with orange edge. 12 for $1.25.

**Will Scarlet.** Fiery orange-scarlet cup, very broad and nicely frilled. The reflexed perianth is creamy white. Fine for rock gardens or by a pool. 12 for $1.00, 100 for $7.50.

**Collection of Large Trumpet Daffodils**

Four splendid sorts of distinct types—King Alfred, Tresserve, Madame de Graaff, Spring Glory. Six bulbs each (24 bulbs), round bulbs (value $1.75) for $1.60; double nosed bulbs (value $2.55) for $2.10. Twelve each (48 bulbs), round bulbs (value $3.50) for $3.00; double nosed bulbs (value $4.70) for $4.00.

---

**Barrii Narcissus**

Division 3. Cup or crown less than one-third the length of the perianth segments. The colors are the same as the incomparabilis division. Many of them have cups of intense red. They are free flowering, hardy, and increase rapidly.

**Barrii Conspicus.** Bright yellow perianth and short broad cup, conspicuously edged brilliant orange-scarlet. Rapid of increase and free flowering. A delightful sweet-scented cut flower with a long stem. Special low price. 12 for 50c, 100 for $3.

**Diana Kasner.** The overlapping perianth of purest white has great substance. Large fluted yellow cup with orange red frill. A magnificent free flowering novelty of rare beauty. Highly recommended. Each 25c.

**Early Surprise.** A handsome early flower of semi-dwarf growth. Fine for naturalizing. Frilled yellow cup edged bright orange, pure yellow perianth. 12 for $1.00, 100 for $7.50.

**Firebrand.** Small cup of intense fiery red. Star shaped perianth of creamy white. A bright small flower especially fine for naturalizing in partial shade. 12 for 75c, 100 for $5.00.

**Firetail.** Very attractive flower with broad overlapping perianth of creamy white. Large orange cup with scarlet orange frill. Each 50c.

**Masterpiece.** Creamy white star-shaped perianth, flat nicely frilled orange-red cup. Tall stem. Late. 12 for $1.00, 100 for $7.50.

**Mrs. Barclay.** Large flower with flat broad-petaled perianth of pale primrose changing to pure white; deeply frilled flat cup of yellow edged orange-red. Each 35c.

**Nanny Nunn.** Creamy white perianth of wonderful substance. Glowing cup of orange-scarlet that lasts well. 12 for $2.90.

**Red Chief.** The broad perianth is of purest white, the cup intense orange red. A striking flower. 12 for $1.00; 100 for $7.50.

---

**Collection of Medium Cups**

Queen of the North (Leedsii), Early Surprise (Barrii), Sir Watkin (Incomp.), Bernardino (Incomp.). 12 each (48 bulbs) round bulbs (va’ne $3.00) for $2.65; double nosed bulbs (value $5.25) for $3.55.
Leedsii Narcissi

Division 4. Perianth white, cup white, cream, or pale citron, sometimes tinged with pink or apricot. In size of cup this division corresponds to the Barrii and Icomparabilis groups.

Delaware. Very gracefully formed flower of most remarkable substance. The large cup which is exceptionally deeply wrinkled opens a golden quince color changing to creamy lemon. Pure white perianth. Delightfully fragrant. Each $1.

Lord Kitchener. Broad flat, pure white perianth of firm substance. Large cup of a delicate pale primrose nicely frilled. 12 for 80c, 100 for $6.

Mrs. Langtry. White perianth, cup edged lemon-yellow when opening, but soon becomes pure white. Rapid multiplier and free flowering. One of the best for naturalizing. 12 for 50c, 100 for $3.00.

Queen of the North. Broad glistening white perianth. Medium size lemon-yellow cup that is prettily fluted. A very attractive flower on a tall stem. 12 for 75c, 100 for $5.00.

St. Olaf. Wide imbricated perianth, frilled broad cup, cream edged sulfur. Late. 12 for $1.00, 100 for $7.50.

White Lady. A very free-blooming variety well suited to naturalizing. Broad white perianth, small crinkled cup of pale canary. 12 for 60c, 100 for $4.00.

Jonquilla and Jonquil Hybrids

Division 7. All varieties of narcissus jonquilla parentage.

Campernelle Rugulosus (The Single Jonquil). Two to four beautiful bright yellow flowers on a tall round stem. Delightfully fragrant. Foliage erect and rush-like. Makes very attractive clumps for the border. 12 for 75c, 100 for $5.00.

Golden Sceptre. A hybrid of a single jonquil and large daffodil having the color, fragrance and graceful proportions of the former with a daffodil-like trumpet. Tall stem and attractive foliage. Remains in bloom for an exceptionally long time. 12 for $1.50.

Tullus Hostillus. Of the jonquil yellow trumpet type. Two or three golden yellow flowers of remarkable substance. Each 15c, 12 for $1.50.

Poetaz Narcissi

Division 8. Hardy bunch-flowering hybrids of Poeticus Ornatus and Polyanthus Narcissi such as Soleil d’Or. Tall vigorous growers, bearing heads of large, well-formed fragrant flowers. Excellent garden flowers and very early forcers.

Elvira. Three or four large flowers with white petals and yellow cup, edged orange. The flowers are held erect on a strong tall stem with good foliage, making it a very effective variety for garden decoration. 12 for 60c, 100 for $4.00.

Helios. Creamy yellow perianth with darker yellow cup. Five to seven flowers on a stiff stem. 12 for 75c, 100 for $5.00.

Laurens Koster. Creamy white perianth, lemon yellow cup. Early. Five to seven flowers in the cluster. 12 for 75c.

Orange Cup. Yellow perianth, orange-red cup, nicely frilled. 12 for $1.00.

COLLECTION OF POETAZ NARCISSI

Three each (12 bulbs) of these four distinct varieties for 75c. Six each (24 bulbs) for $1.25. Twelve each (48 bulbs) for $2.50.
Poet's Narcissus

Division 9. The true Poet's Narcissus. Pure waxy white perianth, flattened eye or cup of yellow or yellow and red.

Glory of Lisse. Large snowy white perianth of heavy texture. Cup yellow edged red. An improved Poeticus Ornatus. 12 for 70c, 100 for $5.

Horace. Large star-shaped perianth of broad gleaming white petals. Flat red eye. Graceful and free blooming. 12 for 80c, 100 for $6.00.

Ornatus. Pure white perianth, yellow cup with margin of scarlet. Early. Excellent for naturalizing. 12 for 50c, 100 for $3.50.

Triandrus Hybrids

Division 5. All varieties obviously containing Narcissus triandrus blood. These are hardly vigorous free-flowering varieties. The graceful flowers have more or less drooping habit.

Agnes Harvey. A most dainty pure white flower of drooping habit. One to three flowers on the stem. 15c each, 12 for $1.50.

Thalia. One of the most delightful flowers in this whole list. Each stem bears two to four flowers of purest white having an unique ethereal charm. Each 35c.

Tazetta or Polyanthus Narcissi

Division 8. Tender bunch flowering narcissi used so extensively for forcing in water and fibre. We do not grow these but obtain them from one of the best sources in the country.

Chinese Sacred Lily. Large clusters of white flowers with yellow cups. Each bulb produces several spikes of the fragrant flowers. Very easily grown in bowls of pebbles, or fibre, and water. Each 10c, 12 for $1.00.

Paper White Narcissus. The most popular bulb for forcing in water. Large clusters of pure white, fragrant flowers. Medium size, 12 for 50c, 100 for $3.50. Large size, 12 for 55c, 100 for $5.00.

Soleil d'Or. "The Yellow Paperwhite." Golden yellow flowers with orange cup in large clusters. Suitable for forcing or for planting out. Each 10c, 12 for $1.00.

The prices are quoted for large double-nosed bulbs. We can supply large round bulbs for 20% less.

Double Narcissi

Division 10. Full double flowers of white, cream and yellow in a variety of attractive forms.

Albus Plenus Odoratus. (Double white Poeticus). Snowy-white sweet scented, gardenia-like flowers much prized for cutting. Likes deep cool soil, not too dry. The latest narcissus. 12 for 75c, 100 for $5.00.

Golden Phoenix (Incomparabilis Plenus). Yellow and orange rose-double. Vigorous and free blooming. The large blossoms are on long stems. 12 for 60c, 100 for $4.00.

Sulphur Phoenix (Codlins and Cream). Beautiful sulfur-white flower. A large informal type of flower on a long flexible stem. 12 for 75c, 100 for $5.00.

The Pearl. A charming flower that is greatly admired. Not too double. Opens soft yellow. Changes to creamy white. The blossoms are borne in profusion and supported by good stems of medium height. 12 for 80c, 100 for $6.00.

Twink. Large semi-full double flowers with alternating petals of soft primrose and clear orange on tall stems. Each 35c.

Culture of Narcissi-Daffodils

The various types of narcissi-daffodils are not difficult to grow but they do greatly repay a little care and attention. In the first place one should obtain good healthy bulbs. These should be well nourished first size bulbs of either the round size, which make one bloom the first year, or double nose bulbs, which make two or more blooms. Narcissi are deep rooting and the ground should be deeply prepared. 18 inches is not too deep. It is well to work some plant food into the ground below the bulbs. Bone meal is always safe to use. We prefer Vigoro as it contains all the elements that the soil may need. Do not use fresh stable manure near the bulbs. Planting should be done early. September is the best month but October is satisfactory. Cover the tops of the bulbs about four inches and in cold climates mulch well after the ground has frozen. RESET the bulbs every second or third year. The digging should be done about the time the tops die down, the bulbs stored in a cool dry airy place and reset in the early fall. Never dig any bulbs before or during blooming time as it will injure their growth very severely.
A Striking Bed of Darwin Tulips

This class of tulips has become extremely popular and justly so. They are useful and beautiful in so many ways—planting in formal beds, in clumps, in the perennial border, and in front of shrubbery. For cutting they provide an array of the most beautiful coloring imaginable. These colors include all shades of pink and red to almost black maroon, lavender and violet to the very darkest purple. For the bright yellow and orange scarlet we must use the Cottage Tulips. The bronze and buff tones are found in the Breeders. The numbers 1, 2, 3 and 4 indicate relative time of flowering, those numbered 1 being the earliest.

**DARWIN TULIPS—Continued**

Massachusetts. (3) Vivid pink with pale rose edge. Large flowers of splendid form. (28-in.) 12 for 60c, 100 for $4.00.

**Princess Elizabeth.** (2) Clear rose pink deepening in color with age. Fine for the border or forcing. (28-in.) 12 for 60c, 100 for $4.00.

**Sierrad van Flora.** (1) Fine large flower of bright lavender pink. A very fine forcing variety. 12 for 60c.

Sylvia. (3) Deep violet-rose shading lighter to the edge of the petals. Unusually large flower on a tall strong stem. (36-in.) 12 for 75c, 100 for $4.00.

**White Queen (La Cendrée).** (2) On opening is tinged pale rose but becomes almost pure white when in full bloom. Black anthers. Medium sized flower. (28-in.) 12 for 50c, 100 for $3.50.

**SHADES OF VIOLET AND PURPLE**

Faust. (2) Dark satiny purple-maroon. Enormous oval flower of good form and substance. One of the finest dark varieties. 12 for 70c, 100 for $5.00.

**Mixed Darwin Tulips**

A mixture of fine named Darwins, strongest in the pink and red shades with a moderate proportion of other colors. Very satisfactory where plantings of mixed colors are wanted. First size bulbs, 12 for 50c, 100 for $3.00.

**Collection of Giant Darwin Tulips**

Five of the best varieties chosen to give a beautiful display of these magnificent flowers in a wide range of brilliant color. Each variety is put up separately and correctly labeled. King Harold, Pride of Haarlem, Clara Butt, Faust, Dream.

- 30 bulbs (6 bulbs each, value $1.48) for $1.30.
- 60 bulbs (12 bulbs each, value $2.95) for $2.50.

**Rainbow Mixture of Tall Stemmed Tulips**

Each year we sell thousands of this mixture of Darwin, Cottage and Breeder Tulips and there have been many letters telling of the fine looking bulbs received and the beautiful blossoms from them. Since we use varieties from all the main classes of late tulips, the color range is very wide. Red, pink and yellow shades predominate, with some lavender, dark shades, bronze, and blended tones. First size bulbs, 100 for $3.00, 200 for $5.50. Second size bulbs, same fine mixture in smaller bulbs (1 1/2 to 1 3/4 inches in diameter). Every one will give a good blossom. 100 for $2.50, 200 for $4.50.

**Second Size Tulip Bulbs**

Some varieties of tulips are unusually free flowering and give excellent blooms from second size bulbs. These flowers are nearly as large as from the first size bulbs but the bulb increase is not so great. We are listing six of these varieties: Clara Butt, Inglescombe Yellow, Inglescombe Pink, Picotee, Orange King and La Merveille. All at the uniform price, 100 for $2.65. Your order may be divided into 25 each of four varieties.

**Popular Tulip Collection**

Eight remarkably popular varieties from the Darwin, Cottage and Breeder types. They would give a wonderful display of fine big tulips at a very low price. All first sized bulbs labeled separately. Darwin tulips, Clara Butt, Dream, Farncombe Sanders, King Harold; Cottage tulips, Inglescombe Yellow, La Merveille, Picotee; Breeder tulip, Bronze Queen.

- 6 each, 48 bulbs (value $2.20), for $1.90.
- 12 each, 96 bulbs (value $4.40), for $3.75.

**Special Collection of Garden Tulips**

100 Bulbs, $3.50 postpaid.

If you are not familiar with the varieties and would like for us to make the selection for you, we will send 10 each of 10 named varieties, all good giant sorts, made up from Darwin, Cottage and Breeder classes in a complete range of color. Each variety separately bagged and carefully labeled, for only $3.50.

**Culture of Tulips**

Tulips should be planted in September or October for the best results. We find earlier planting gives better results than late, although in this climate tulips can be planted as late as December. While a great part of the size of the blooms is determined by the size of the bulbs planted, it is essential that the bulbs be provided with a liberal supply of plant food. Bone meal is always recommended but we prefer a well balanced plant food such as Vigoro. If manure is used be sure it is well rotted and worked carefully all through the soil. Cover the bulbs about four inches and where the winters are severe mulch with straw or dry leaves after the ground is frozen. Lift the bulbs every year when the leaves are turning yellow. Dry carefully. Do not expose the bulbs to the sun or wind. In the fall clean off all old loose skin, roots, etc., and reset again.

[ 9 ]
from the soft delicate shades of yellow, pink and fawn to the most intense orange and scarlet. The colorings vary widely with pointed petals reflexing at the tips. The large flowers have sturdy stems. A very attractive variety. (26-in.)

**Sweet scented. (23-in.)**

**La Merveille.** (4) Rich chrome-yellow with yellow base. Large flower of beautiful long shape. Delightfully fragrant. (20-in.) **12 for 70c.**

**Orange King.** (3) Glistening deep orange shaded rose with yellow base. Large globular flower. Sweet scented. (25-in.) **12 for 50c, 100 for $3.50.**

**SHADES OF PINK AND COMBINATIONS OF OTHER COLORS**

**Beauty of Bath.** (3) Large egg-shaped flower of soft rosy lilac shading to canary yellow on the border of the petals. Soft delicate coloring. **12 for 70c.**

**Dido.** (3) Rich orange-rose with shadings of salmon and orange yellow. One of the loveliest tulips ever introduced. The flowers are very large and well formed. (30-in.) **12 for 80c.**

**Elegans Alba.** (4) Beautiful white flower with reflexing petals. The narrow margin of carmine does not spread as the flower ages. **12 for 80c.**

**Fairy Queen.** (3) Unusual combination of rose-lilac with amber-yellow margin. Large oblong blossom. (20-in.) **12 for 60c.**

**Inglescombe Pink.** (2) Soft rosy pink flushed salmon, changing to rose when in full bloom. A splendid cut flower. Very free flowering. (26-in.) **12 for 55c, 100 for $3.50.**

**Lord Carnarvon (Triumph Tulip).** (1) Large pointed petals of white with broad band of clear bright pink. A beautiful tulip of attractive shape. **12 for 80c.**

**John Ruskin.** (3) Salmon-rose, edged pale yellow. A beautiful tulip of delicate colorings and fine form. (25-in.) **12 for 60c, 100 for $3.50.**

**Picotee (Maiden’s Blush).** (3) Opens pure white. Later the gracefully reflexing pointed petals become beautifully margined and penciled with bright pink. An especially charming cut flower. (22-in.) **12 for 50c, 100 for $3.50.**

**Sirene (Lily-flowered Tulip).** (2) The long petals are sharply pointed and curve outward, giving the flower a true lily form. The color is a most beautiful shade of cerise-pink with a pure white base. One of the most beautiful cut flowers among the tulips. **12 for 70c.**

**The Fawn.** (3) Rosy-fawn color changing to soft rose. A graceful tulip of unusual color. (20-in.) **12 for 50c, 100 for $3.00.**

**Collection of Cottage Tulips**

Five of the most popular varieties. They would make a splendid colorful display out-of-doors and provide a profusion of graceful cut flowers.

**Inglescombe Yellow.** (4) Most popular of all yellow tulips. Large globular flowers of glossy canary yellow. Free flowering and increases rapidly. Often called the “yellow Darwin” as it has the true Darwin shape. Height 25 in. **12 for 20c, 100 for $3.00.**

**Gesneriana Spathulata and Orange King.** 12 each (60 bulbs), value $2.75, for $2.53; 6 each (30 bulbs), value $1.38, for $1.20.

**COTTAGE TULIPS**

The numbers 1, 2, 3 and 4 indicate relative time of flowering, those numbered 1 being the earliest.

**Gesneriana Lutea.** (3) Tall and handsome flower of deep yellow. Vigorous grower with fine stem and foliage. (24-in.) **12 for 60c.**

**Inglescombe Yellow.** (4) The most popular of all yellow tulips. Large globular flowers of glossy canary yellow. Free flowering and increases rapidly. Often called the “yellow Darwin” as it has the true Darwin shape. Height 25 in. **12 for 20c, 100 for $3.00.**

**Moonlight.** (1) A long oval shaped flower of soft luminous yellow. The outer petals reflex at the tip as the bloom opens. (24-in.) **12 for 70c.**

**Mrs. Moon.** (4) Rich golden yellow. One of the finest late tulips. The blooms are large with pointed petals and are carried on tall, strong stems. (25-in.) **12 for 70c.**

**SHADES OF ORANGE, SCARLET AND RED**

**Gesneriana Spathulata.** (3) Rich crimson-scarlet with a steel blue base. A long pointed flower that opens up like a brilliant poppy. (24-in.) **12 for 70c, 100 for $3.50.**

**Grenadier.** (2) Certainly this is one of the most brilliant of all tulips. Dazzling orange-scarlet with yellow base. The large flowers have sturdy stems of medium height making this one of the finest late tulips for bedding. (21-in.) **12 for 70c.**

**Inglescombe Scarlet.** (3) Brilliant scarlet with black base. Long slender pointed petals. (24-in.) **12 for 65c.**

**Orange King.** (4) A long pointed flower of soft creamy yellow on a tall strong stem. Deliciously scented. (30-in.) **12 for 70c, 100 for $3.50.**

**STANDARDS OF OTHER COLORS**

**Avis Kennicott.** (3) Rich chrome-yellow with black base and anthers. A large long flower on a strong stem. A very attractive variety. (26-in.) **12 for 70c.**

**Bouton d’Or.** (2) Deepest golden yellow with black anthers. Very substantial cup shaped flower of medium size. (26-in.) **12 for 50c, 100 for $3.50.**

**Ellen Willmott.** (4) A long pointed flower of soft creamy yellow on a tall strong stem. Deliciously scented. (30-in.) **12 for 10c, 100 for $1.50.**

**La Merveille.** (4) Orange-scarlet flushed rose with yellow base. Large flower of beautiful long shape. Delightfully fragrant. (26-in.) **12 for 50c, 100 for $3.50.**

**Sunset.** (3) Unusually antique color of soft rosy lilac shading to canary yellow on the border of the petals. Soft delicate coloring. (21-in.) **12 for 60c.**
The Breeder Tulips have the same large flowers on tall stems as the Darwins but have colorings not found in any other class—rich and artistic blendings of purple, gold, bronze, maroon and buff tones. For garden planting they afford an opportunity for wonderful color combinations. They are all splendid for cutting.

**Bronze Queen.** (2) Attractive soft buff with a suggestion of purple shaded with golden bronze. Inside golden bronze with bright yellow base. Flows on a vigorous grower. 12 for $0.60.

**Cardinal Manning.** (4) Wine red flushed rosy bronze shading to lighter bronze at the edges. Large egg-shaped flower. 34-in. 12 for $0.60, 100 for $4.00.

**Jaune d’Oeuf.** (3) Deep lemon-chrome with a slight flush of pale purple on the outer segments. Large oblong flower on a tall strong stem. 12 for $0.60.

**La Singuliere.** (4) Opens silvery white flushed pansy purple, the color suffusing the whole flower as it ages. Remarkably stiff stem. 36-in. 12 for 70c, 100 for $4.50.

**Louis XIV.** (3) Rich dark purple shaded steel blue edged golden bronze. A large flower of steady bearing on a tall strong stem. 32-in. 12 for 70c.

**Madras.** (3) A really brown tulip. The outside is dark golden bronze shaded violet. The inside is mahogany. 26-in. 12 for 70c.

**Panorama** (Fairy). (2) Rich orange-red shaded mahogany with olive green base. Exports substantial flowers of fine oval shape on strong stems. Excellent for mass planting. 26-in. 12 for 65c, 100 for $4.50.

**Prince of Orange** (Orange Beauty). (4) A showy flower of good substance and pleasing fragrance. The petals are terra cotta shading to a warm orange at the edges. 26-in. 12 for 70c.

**Queen Alexandra.** (2) Medium size flower of good substance. Bright lemon-yellow with purplish blotch at apex of outer petals. 12 for 60c, 100 for $4.00.

**Roi de Siam.** (4) A very fine strong growing tulip that comes at the last of the season. Dark glossy royal purple with small white base. Fine cup-shaped form often with an extra number of petals. Very tall and vigorous growing. 31-in. 12 for 75c, 100 for $5.00.

**Yellow Perfection.** (2) Light bronze-yellow, edged golden yellow, interior-bronze-brown with a yellow base. 30-in. 12 for 60c, 100 for $4.00.

**Mixed Breeder Tulips**

The harmonious colors of the Breeder tulips blend beautifully in a mixture. Our mixture is made up from the above varieties in a fine range and variety of colors. 12 for 60c, 100 for $4.00.

**Mixed Cottage Tulips**

A large number of lovely varieties from the above list are used to make up this splendid mixture. It would be fine for clumps or massing and would provide a profusion of graceful cut flowers at low cost. 12 for 50c, 100 for $3.00, 1000 for $27.50.

**SINGLE EARLY TULIPS**

Because of their brilliancy of coloring coming so early in the spring, the early tulips have always been great favorites for garden display in formal beds and in clumps in the border. While the stems are not as long as the May flowering types, many of the varieties make delightful cut flowers. These are the tulips to use for early forcing.

**Coeur Cardinal.** A rich crimson tulip with a plum colored bloom on the outer petals giving an effect of unusual richness. Fine substantial flower of globular form on a strong stem. 13-in. 12 for 65c, 100 for $4.50.

**Flamingo.** Bright carmine-rose with a white stripe through the center of each delicately crinkled petal. 13-in. 12 for 60c.

**Fred Moore.** Soft rosy terra cotta shading to orange yellow at the edges of the petals. A lovely sweet scented flower of medium size. 16-in. 12 for 60c, 100 for $4.00.

**Gen. de Wet.** One of the most beautiful of the early tulips of a remarkable color effect—orange with bright scarlet veining. Extra large flower of erect habit. 16-in. 12 for 75c.

**Keizerskroon.** Bright crimson scarlet with a wide border of clear yellow. A strong growing large flower, this is splendid for bedding. 16-in. 12 for 75c.

**Mon Tresor.** One of the best yellows for bedding or forcing. Large pure golden yellow of handsome form. 13-in. 12 for 75c.

**Mixed Early Tulips.** A special mixture that we can highly recommend where beds of mixed colors are wanted. All good varieties in all colors. 12 for 60c, 100 for $4.00.
PARROT TULIPS

The unusual form and striking colorations of these tulips make them most suitable for cut flower purposes. The flowers are very large with deeply lacinated and encrusted petals. The older varieties are scarcely able to hold up their heads but Fantasy stands up as erect as a Darwin.

Admiral de Constantinople. (2) Brilliant scarlet with orange markings. 12 for 75c.
Cramoisi Brilliant. (2) Rich blood-crimson with purplish black markings. 12 for 75c.
Fantasy. (3) One of the outstanding tulips of recent years. A sport of Clara Butt with strong tall stem and blossom of enormous size. The inside of the flower is geranium-red. The outside is salmon-pink to scarlet with apple green marks and encrustations. 20c each, 12 for $2.00.
Lutea Major. (2) Lovely clear yellow with green and red markings. 12 for 75c.
Markgraaff von Baden. (2) Deep yellow with bright scarlet stipplings. 12 for 75c.
Perfecta. (2) Golden yellow blotched deep scarlet. 12 for 75c.

Special Mixture of Parrot Tulips

A mixture of remarkable brilliancy. It includes all the above varieties except Fantasy. If you want something quite out of the ordinary, try this. 12 for 60c, 100 for $4.00.

DOUBLe EARLY TULIPS

These are extremely effective for planting in masses as the flowers are very large and long lasting. They should have good fertile soil in order to get fully double perfect blossoms.

Electa. Beautiful deep rose with a tinge of violet. Enormous flowers of great beauty. (13-in.) 12 for 75c.
Mr. Van der Hoeff. Without doubt one of the finest golden yellow double tulips. Very large fully double flowers. (12-in.) 12 for 75c.
Peach Blossom. Large very double flowers of a most delightful bright pink flushed white. Always greatly admired in our plantings. 12 for 75c.
Vuurbaak. Brilliant scarlet with an orange hue when fully open. The finest double scarlet tulip. 12 for 75c.

Collection of Double Early Tulips

Six each of the above four varieties for $1.35; 12 each for $2.00.

TULIP SPECIES

We are listing here four of the finest tulip species. Since they are the ones that grow readily under garden conditions they are moderate in price. They may be planted in deep sunny pockets in the rock garden or other places where they will have deep soil, good drainage and plenty of sun. Plant 5 to 7 inches deep and do not disturb for several years.

Australis (Celsiana). A pretty species with yellow flowers tinged reddish bronze on the outside of petals, fragrant. (12-in.) 12 for $1.00.
Clusiana (Candlestick or Lady Tulip). A charming little flower of bright rose edged white. Slight tall stem and very narrow long foliage. (14-in.) 12 for 90c, 100 for $6.50.
Eichleri. Brilliant large crimson-scarlet flowers with glistening black center marked gold. One of the most splendid tulips and fortunately very easily grown. (11-in.) 12 for 90c, 100 for $7.00.
Kaufmanniana (Waterlily Tulip). Large creamy flowers marked on the outside with carmine. In the sun the flower opens flat showing the yellow center. The earliest of all tulips. (8-in.) 12 for $1.
Marjoletti. Pale yellow flowers with the exterior base rosy red. Very charming for cutting. (16-in.) 12 for $1.00.
Praestans. A fine species from Bokhara. Large bright orange-red flowers, sometimes four or five on a stem. Should be planted very deep. (16-in.) 12 for $1.50.
Sylvestris (Florentina Odorata). Deliciously scented yellow blossoms shaded bronze on outside. From one to three long blossoms on a slender arching stem. Very charming and unusual. 12 for 50c.

Lily-of-the-Valley

This delightfully fragrant little flower is beloved by all. It does especially well in partial shade. Plant two inches deep, preferably in a rich sandy loam. A dressing of well rotted manure and leaf mold in the autumn will insure finer and more blooms. Field grown clumps containing about 25 pips, many of which will bloom the first year. 25c each, 5 for $1.00.
HYACINTHS

For wonderful masses of harmonizing color none of the spring bulbs equal the hyacinths. Add to this their rich fragrance and it is no wonder that they are so popular. The color range is wide but practically all of the hyacinths can be used together without danger of discord.

The hyacinths are the easiest of the bulbs to force into early bloom either in pots of soil or bulb fibre or in glasses of water. Hyacinths need a good rich soil—some well rotted manure mixed in the soil and a feeding of well balanced plant food will be to their liking. When planted in beds they should be spaced six to eight inches apart. Cover about four inches deep and of course see that the drainage is good.

City of Haarlem. The finest of the yellows. Large well formed trusses of golden yellow changing to creamy yellow with age. An excellent variety for forcing or bedding.

Gertrude. Compact truss of deep rose pink on a strong stem. One of the most popular hyacinths for bedding, forces well, too.

Grand Maître. Beautiful clear porcelain blue. Large bells on a compact spike.

La Victoire. Shiny dark pink usually described as red. Earlier than the other varieties in this list.

'L'Innocence. Large compact spikes of clear waxy white. The loveliest pure white imaginable.

Queen of the Blues. Clear light porcelain blue. A strong growing variety of uncommonly beautiful coloring.

Mixed Hyacinths. A general mixture of all the above varieties. You may specify the kinds desired if you wish to.

Strong medium sized bulbs suitable for either bedding or forcing of any of the above, 12 for $1.00.

CROCUSES

Because of their brightness and cheer at the beginning of spring the crocuses have a place in our affections quite apart from other flowers. Everyone heralds the finding of the first crocus as a great event. It is such a cheery little flower and blooms before most other flowers awaken from their winter's sleep.

They like a light sandy loam and if planted 2 or 3 inches deep will continue to increase from year to year. If planted in grass the crocus foliage should be given a chance to ripen before it is cut off.

The autumn flowering crocuses are very airy and lovely. Coming up with no foliage, the delicately colored blossoms are extraordinarily effective and colorful.

AUTUMN FLOWERING VARIETIES

Sativus (Saffron Crocus). Large flowers of purplish lilac, feathered violet, with showy orange stigmata. Very free flowering when established. 12 for 60c, 100 for $4.00.

Speciosus. Large bright violet-blue flowers beautifully veined, with a bright yellow throat and orange red anthers. 12 for 55c, 100 for $3.50.

Zonatus. Beautiful flowers of soft rose lilac with a yellow throat. Very free flowering and easy to grow. 12 for 55c, 100 for $3.50.

SPRING FLOWERING VARIETIES

King of the Whites. Large flower of purest white with large orange stigmata. 12 for 45c, 100 for $3.00.

Mammoth Yellow. The most popular of all crocuses. The large golden yellow flowers are produced in the greatest abundance. Top size extra large bulbs, 12 for 50c, 100 for $3.25. First size bulbs, 12 for 40c, 100 for $2.50.

Maximilian. Pure porcelain blue. The large delicately colored flowers are freely produced. 12 for 45c, 100 for $2.50.

Pallas. Extra large flowers striped lilac on a white ground. The general effect is light lavender blue. Fine flower. Increases rapidly. 12 for 40c, 100 for $2.50.

Purpurea Grandiflora. Rich deep blue purple. The extra large beautiful flowers have unusual substance. 12 for 50c, 100 for $3.25.

One dozen each of the five named varieties, largest size bulbs, for $2.00.

Mixed Large Flowering Crocuses. A well blended mixture of the above varieties. Largest bulbs, 12 for 40c, 100 for $2.75; second size bulbs, 12 for 30c, 100 for $2.00.
Dutch Irises

Dutch Irises

This group of irises is increasing in popularity each year. Their lovely clear colors, shades of blue and yellow and pure white, add immeasurably to the garden picture just after the tulips have passed out of the scene. For cutting they have become tremendously popular, millions being used by the florists every year.

Adrian Backer (Lilac Wonder). Uniform purple lilac of good substance. Early. Height 20 inches. 12 for 75c.

D. Haring. Pure white falls with standards of greyish white. A strong growing variety that produces very large flowers of good substance. Height 26 inches. 12 for 50c.

Frans Hals. Falls pale primrose, standards pale blue. 12 for 50c, 100 for $3.00.

Golden Bronze. Standards dark violet edged bronze, falls attractive golden bronze. A very beautiful new variety. Late. 12 for $1.00.

Hart Nibbrig. Fine large flowers of beautiful clear light blue. 12 for 50c, 100 for $3.50.

Imperator (Filifolia). Later blooming than the true Dutch irises, connecting them with the Spanish. Deep blue standards and falls. Large, free flowering and a vigorous grower. 12 for 50c, 100 for $3.00.

Spanish Irises

The Spanish irises are similar to the Dutch in all respects. The Spanish was the original type and the Dutch has been derived from them. The Spanish follow the Dutch in time of bloom and are more slender and at least sometimes more graceful.

Cajanus. Large graceful blossom of clear golden yellow on tall slender stems. One of the finest yellow irises for the garden and one of the most delightful cut flowers in the whole list. 12 for 60c, 100 for $4.00.

Solfotare. A tall growing late variety. Deep blue standards and purplish blue falls shaded with bronze at the edge. Large yellow blotch. 12 for 50c, 100 for $3.00.

Mixed Spanish Irises. Made up from good blue, yellow and white varieties. 12 for 50c, 100 for $3.00.

Irises for Waterside Planting

While these irises are especially adapted to moist places near a pool or stream, they also grow splendidly in a well watered border. In a few years they form large clumps with several dozen tall graceful stems. All provide a source of cut flowers of unusual charm.

The divisions that we offer are not single fans but large clumps of about five fans. They are sold at the uniform price of 25c each, or 10 (any assortment) for $2.00.

Siberica, Emperor. Deep blue flowers on strong but graceful stems, three to four feet high. Very free flowering.

Siberica, Perry's Blue. Bright sky blue flowers produced in great profusion on tall straight stems.

Orientalis, Deep Blue. Similar to the Siberian irises in every way but much shorter.

Ochroleuca. A tall strong growing iris species that is fine for the border when out of bloom because of its splendid foliage. Creamy white flowers shading to yellow in the throat.

Pseudacorus. The English water flag. The bright yellow flowers are very freely produced on artistically branching stems. A very vigorous grower when plenty of moisture is provided.
PEONIES

This is not a long list of peonies but they are all of outstanding excellence. The plants we send are fine strong divisions with three to five eyes. Peonies represent so permanent an investment in garden beautification that they should be chosen with great care. The figures preceding the names are the ratings of the American Peony Society so that you can see that these are all nearly perfect varieties.

In planting see that the eyes are about two inches below the surface of the ground. Too deep planting is one of the main causes of shy blooming.

9.0 Baroness Schroeder. Globular flowers, white guard petals and white center with shadings of flesh. Immense flowers of great substance are freely produced. Strong stems. Very fragrant. Late midseason. Each 75c.

8.9 Jubilee. Often a prize winner at the peony exhibitions. Extra large flowers that open pale pink, turning to waxy white. Long stems. Early. Each 75c.

9.1 Lady Alexander Duff. Outer petals delicate pink gradually shading lighter toward the center. If not disbudded each stem makes a large bouquet by itself, the side blossoms often showing the yellow stamens in the center. Unusually strong tall stems. Midseason. Each 50c.

Officinalis Rubra. The old fashioned red “piny”. Well established plants are mass of deep crimson red bloom that make a showy display in the garden about two weeks before the other peonies bloom. Each 50c.

8.8 Richard Carvel. One of the very best early reds. Large bomb shaped blooms of bright crimson. Early. Each 75c.

9.7 Solange. Very large compact flowers. Outer petals waxy white, inner petals shaded with amber at the heart. One of the most beautiful peonies in existence. Late midseason. Each $1.00.

Special Peony Collection

Six of the world’s finest peonies at a price no greater than usually paid for common sorts. Jubilee, Lady Alexander Duff, Mary Brand, Richard Carvel, Solande and Walter Faxon. One large strong division of each (value $4.80) for $3.50.

Two Dwarf Irises for the Rock Garden or Border

Cristata. A crested iris. The lovely little flowers of delicate lavender-blue are borne in profusion in the early spring. Delightful for a shady spot in the rock garden or as a ground cover under trees. Nice clumps, 25c each.

Pumila. A very dwarf bearded iris with deep blue purple flowers. Not over four inches high. Usually in flower with the early spring bulbs such as hyacinths. 15c each, two for 25c.

Peony, Walter Faxon

Peony, Therese

Iris Cristata
Anemones and Ranunculi

These two brilliant flowers delight in our Pacific Coast climate but in the colder sections of the country they must be protected or planted in the spring. Each root will produce a nice clump that will continue to bloom over a long period. The roots should be soaked in tepid water for several hours and then planted two inches deep in a fairly rich loose soil having good drainage.

ANEMONES

Anemone Monarch de Caen. A robust strain of the single poppy type anemone with immense flowers on long strong stems. The colors are shades of scarlet, pink, lavender and blue. 12 for 50c, 100 for $3.00.

St. Brigid-Creagh Castle. Large semi-double flowers in a wonderful assortment of delicate and brilliant shades of color including many rose, pink, lavender and blue. 12 for 60c, 100 for $4.00.

His Excellency. Vivid red flowers with a white base. Large single poppy type anemone. 12 for 60c, 100 for $4.00.

Blue Poppy. A beautiful strain all in shades of blue. Large flowers. 12 for 60c, 100 for $4.00.

RANUNCULI

Tecolote Giants. The finest new strain of double ranunculi. Large double and semi-double flowers in a wonderful range of color including orange, red, yellow, pink, etc. 12 for 50c, 100 for $3.50.

Tecolote Giants Yellow. A selection of the giant strain described above, the colors ranging from straw to deep golden yellow. 12 for 75c, 100 for $5.00.

Tecolote Giants Red. All shades of red from orange red to crimson in the extra large peony flowered type. 12 for 75c, 100 for $5.00.

Camassia (Camas)

An Oregon native that is perfectly hardy and succeeds in places where other bulbs could not live. They are often found in low wet places submerging in the winter and baked hard in the summer. They take kindly to cultivation and do well under ordinary garden conditions or when naturalized along the sides of streams and ponds or in the open woods. Plant in the fall about four inches deep, preferably in clumps of a dozen or more. The bulbs may be left undisturbed for years. The Indians used to dig these bulbs in great quantities and prepare a sort of flour from them.

Leichtlinii cream. A tall growing type with stems up to four feet in height with long heads of creamy white star-shaped flowers often an inch and a half across. 12 for 75c, 100 for $3.00.

Deep blue. Similar to the above but not quite as tall. Clear deep blue flowers that remain in bloom for a long time. 12 for 50c, 100 for $3.00.

Chionodoxa (Glory of the Snow)

Lucille. Bright blue with pure white center. Often a dozen flowers on each five-inch stem producing a very delightful effect. In bloom before the crocuses. Should be planted in clumps three inches deep where they need not be disturbed for years. 12 for 45c, 100 for $3.50.

Galanthis (Winter Aconite)

Hyemalis. With us this is usually the first flower of the new season — a cheerful bright flower like a golden buttercup above a collar of deeply divided green leaves. Height about four inches. One of the few bulbs that will thrive under trees. They self-seed freely. Plant about two inches deep. 12 for 50c, 100 for $3.50.

Galanthus (Snowdrop)

One of the best liked of the very early spring flowers. Small nodding flowers of white with green tips. Once established they are best left alone and they will increase from year to year. Plant in early fall in a rather cool place and mulch with leaf soil. These fresh Northwestern grown bulbs are much less apt to die out than imported stock.

Nivalis. The old fashioned snowdrop. With us it is usually in bloom in January. 12 for 50c, 100 for $3.50.

Elwesi. Especially recommended for the warmer parts of the country where nivalis does not do so well. Larger than the old fashioned type. 12 for 50c, 100 for $4.00.

Leucojum (Snowflakes)

Vernum. The spring snowflake. Nodding white flowers tipped with green on stems 8-8 inches high. Should be planted in clumps 4 or 5 inches apart and covered about 3 inches deep. 12 for 75c, 100 for $3.00.

Muscaria (Grape Hyacinths)

The grape hyacinths are so easily grown and furnish such a lot of attractive little flowers that they should be used in quantity. They grow well under trees or in full sun.

Botryoides Coeruleum. Bright medium blue early flowering type. Fine for the rock garden or naturalizing. 12 for 40c, 100 for $2.00.

Heavenly Blue. A splendid variety for mass planting, increasing rapidly. Stays in bloom over a long period as each bulb throws several spikes of rich blue blooms. 12 for 40c, 100 for $2.00.

Plumosus (Feather or Plume Hyacinth). A most unusual flower bearing large feathery plumes of violet blue. May flowering. 12 for $1.
SCILLAS

The scillas are most satisfactory bulbs for naturalizing and borders. They thrive in woodland or full sun and increase in beauty from year to year. Rodents or insects do not bother them. The campanulata (hispanica) varieties have erect stems 10 to 12 inches high—higher in rich shady places. To obtain the best effects they should be left undisturbed for several years when they form good clumps.

Campanulata (hispanica) Alba Maxima. Fine large flowering white. The spikes somewhat resemble Lily-of-the-Valley blossoms. 12 for 45c, 100 for $3.00.

Campanulata Blu. Splendid free flowering medium shade of blue. The most popular variety. 12 for 45c, 100 for $3.00.

Campanulata Rosea. A very attractive shade of soft pink. Fine large spike. 12 for 60c, 100 for $4.00.

Siberica. Of all the early spring flowers we think this has the most delightful color—the clearest intense blue with no markings. Each bulb produces several four-inch spikes bearing a number of the bright little star-shaped flowers. Remains in flower longer than most of the early spring bulbs. Plant three inches deep in shade or sun. First size bulbs, 15 for 90c, 100 for $3.00.

Siberica Alba. Pure white form of the above. Very pretty and unusual. 12 for 60c, 100 for $4.00.

Here are some of the things our customers have written about our bulbs:

From Ohio: "I was much pleased with the quality of bulbs sent last year. Only wish I could afford a larger order."

From Virginia: "All bulbs purchased from you have given perfect satisfaction." A customer who orders every year.

From California: "I wish to tell you that the flowers from your bulbs last year were 100% perfect and every bulb grew for me."

From Portland: "I asked a Garden Club friend the other day if she knew your bulbs and she gave them a splendid recommendation." This from a new customer.

From New York: "Your bulbs have always flowered well and have been a source of inspiration."

From Kansas: "I received the bulbs ordered from you and I believe they are about the nicest I have ever seen. I appreciate your quality and service and will surely order again."

From Washington: "The bulbs have always been wonderful."

SCILLA CAMPA NULATA

Hints on Forcing Bulbs

The most important thing in forcing bulbs is to see that a good root system is established before an attempt is made to bring them into bloom. This one thing is the cause of most of the failures to get good blooms from the bulbs. The procedure for most of the bulbs—Tulips, Hyacinths, Daffodils, Crocuses—is the same.

Pot up the bulbs in a fairly rich soil—good garden soil to which some leaf mold or peat moss has been added is satisfactory. The addition of one pound of bone meal to the bushel is desirable. Soil should not be used that has been used for bulbs before. Broken pieces of pots should be used to provide drainage. The top of the bulb may come within $\frac{1}{2}$ inch of the top of pot, being just barely covered with soil.

Make sure that they are thoroughly watered. Cover the pots with enough soil or sand to keep them from freezing or place in a cool dark cellar. Let them remain until well rooted. This will require at least eight to ten weeks for hyacinths and the earliest Single Early Tulips and longer for most of the other things. When well rooted bring into moderate heat but keep out of light, then when the growth has made a good start expose to the full light.

This scale shows at a glance how deep to plant and space bulbs.
HARDY LILIES

Oregon grown lily bulbs are known to be superior to imported bulbs. They are more free from disease and can be delivered in the early fall when planting conditions are at their best. Then, too, these home grown bulbs can be shipped with their roots fresh and whole, all ready to commence feeding the bulb at once. You will find a vast difference between these fresh bulbs and the dried-up bulbs with no roots that are usually sold. In the few cases where Oregon grown stocks are not available we will send the best imported bulbs obtainable.

The varieties listed below are all easily grown provided a little judgment is used in planting them. They need considerable moisture during the growing season but must have good drainage. Most all the lilies like a soil rich in humus. If manure is used it is much safer to apply it as a mulch. Nearly all lilies in the wild grow up through a low covering of shrubs or plants which shade the ground and lower part of the stem.

**Auratum Platypylllum.** The broad leaved vigorous growing type of the Gold-banded lily. The flowers are really enormous, sometimes as much as 12 inches across, of white with a stripe of rich golden yellow through the center of each petal. Plant 6 to 10 inches deep. Medium size imported bulbs (8-9 in.), 35c each, 12 for $3.50.

**Canadense.** A very hardy little lily native to the eastern part of the United States. Graceful and nodding blossoms of light orange dotted with black. 25c each, 12 for $2.50.

**Candidum** (Madonna Lily). Pure waxy white blossoms with delicious fragrance. A tall stately lily that is lovely combined with blue delphiniums. Blossoms in June or early July. Should be planted in the fall as leaf growth starts at once. Do not cover the top of the bulbs with more than an inch or two of soil. Large bulbs, 25c each, 12 for $2.50. Medium size bulbs, 15c each, 12 for $1.50.

**Henryi.** Gracefully recurved blossoms of rich orange-yellow with green band at the center. Tall slender stem sometimes reaching eight feet in established clumps. Very hardy and extremely dependable. Plant 10 inches deep, preferably in partial shade. Large bulbs, 40c each, 12 for $1.00; strong medium size bulbs, 20c each, 12 for $2.00.

**Pardalinum.** The central half of the strongly recurved petals is bright orange freely dotted with maroon, the outer half is rich orange-scarlet. Tall leafy stems with a large number of the bright blossoms. Very hardy and easy to grow, forming large clumps in a few years. Good sized bulbs, 25c each, 12 for $2.50.

**Pardalinum Giganteum** (The Sunset Lily). This brilliant hybrid of Pardalinum was only introduced a few years ago but in that time has created a sensation among growers of lilies everywhere. The color is a brilliant red with a bright yellow center heavily dotted maroon. Much brighter in color than L. Pardalinum and much more vigorous and taller growing. Specimens have been known to reach a height of 12 feet with 40 blossoms. Does well in any well drained soil but should have plenty of moisture during the growing season. 50c each, 12 for $5.00.
Regale. The most popular lily in America today. The large trumpet is pure white flushed yellow in the throat. On the outside the white is shaded with wine color. Very vigorous, extremely hardy and succeeds almost everywhere. Established bulbs often have over 20 blooms on stems five or six feet high. Plant 8 to 10 inches deep in good fertile soil where they will have good drainage. Medium size bulbs (6-7 in.) 10c each, 12 for $1.00. Large bulbs (7-9 in.) 20c each, 12 for $2.00. Extra large bulbs (9-11 in.) 35c each, 12 for $3.50. A few mammoth bulbs (11 in. and over) 60c each, 12 for $6.00.

Speciosum Album. The white type of well known Japanese Speciosum lilies which are so hardy and reliable. This variety has large reflexing pure white flowers with a shading of green through the center of each petal. Plant 5 to 10 inches deep. 35c each, 12 for $3.50.

Speciosum Magnificum. The improved Rubrum lily. Large recurved blossoms of good substance on a very vigorous growing plant that remains in bloom for a long time. Rich ruby red with white margin. 35c each, 12 for $3.50.

Sulfureum. A rare lily bearing trumpet shaped flowers that reach a length of eight to twelve inches. The stalks reach a height of four to eight feet with as many as twelve blossoms. The color is a pleasing shade of soft sulfur-yellow shading deeper in the throat. It is the latest of the trumpet lilies to bloom. Plant at least ten inches deep and mulch well in cold climates. Strong medium size bulbs, $1.00 each, 12 for $10.00.

Tenuifolium (Coral Lily). Brilliant coral-red recurving blossoms of waxy texture. As many as twenty flowers on a slender graceful stem with long narrow foliage. Very early flowering. The best lily for rock gardens. Large bulbs, 30c each, 12 for $3.60. Strong medium size bulbs, 10c each, 12 for $1.00.

Tenuifolium Golden Gleam. A beautiful type with flowers of apricot-yellow. A vigorous grower and very floriferous. 35c each, 12 for $3.50.

Testaceum (Nankeen Lily). One of the finest of all lilies. The color is most unusual and difficult to describe. A dull apricot or buff yellow tone known as nankeen yellow. Easily grown and permanent. Should be planted early in the fall and never covered deeply—two inches over the top is enough. Fine large bulbs, $1.00 each, 12 for $10.00. Medium size bulbs, 75c each, 12 for $7.50.

Tigrinum Splendens. A very robust large blossoming type of the Tiger lily. Deserves to be planted freely. Easily grows to 6 feet with 24 buds and blossoms of bright orange-red with nearly black spots. Extra large bulbs, 25c each, 12 for $2.50. Medium size bulbs, 15c each, 12 for $1.50.

Umbellatum. A very free flowering lily of the easiest culture bearing in June large heads of rich orange-red flowers that face upward. Two to three feet high. Plant about four inches deep. 25c each, 12 for $2.50.

Washingtonianum (Mt. Hood Lily). A beautiful trumpet shaped lily that is native to Oregon. The blossoms which come in June and July open white and become shaded pink and wine color. Plant 10 inches deep. Large bulbs, 50c each, 12 for $5.00. Medium size bulbs, 35c each, 12 for $3.50.

Speciosum Album.
A really splendid mixture of giant trumpets, medium cups, Poet’s narcissi, bunch flowering varieties, etc., made up from our large collection. Fine round bulbs sure to bloom.
